

Academic League

Academic League is a team at CPH. Our 12-match season pits five player teams in a head to head competition with other high schools from around the South Bay. The teams compete to answer toss-up questions first using a jeopardy style buzzer system. Correct answers on toss-up questions earn the team the opportunity to answer bonus questions for additional points. The subject of the questions covers the range of high school academics.

Matches last about 30 minutes each with the Varsity match immediately following the Junior Varsity match. Matches begin at 3pm, are played in the CPH library, and typically end by 4:30. Because of bussing constraints, we leave during lunch and miss 6th period for away matches and return around 5pm.
